INTRODUCTION

This handbook is a collection of some of the basic policies governing the support staff of Steelville Public Schools. A complete volume of these policies is on file in the Superintendent's office and on the District's website, <http://steelville.k12mo.us>.

ARTICLE I – EMPLOYMENT PRACTICES AND PROCEDURES

Section A: EMPLOYMENT

1. The term “new employee” includes those who are being employed for the first time by the Steelville Public Schools.
2. All new employees shall be on a **thirty (30) day** probationary period from the date of employment. At the discretion of the supervisor, this probationary period may be extended.
3. It is mandatory that all employees are enrolled in electronic direct deposit. Funds become available at 9:00 a.m. on the designated payday at the financial institution of your choosing.
4. Bus drivers and cooks shall have an annual physical examination. The health certificate, signed by a licensed physician, must be on file in their respective supervisor's office.

Section B: BACKGROUND CHECKS

Per Department of Elementary and Secondary Education (DESE) mandatory requirements, every newly hired person in a Missouri public school having contact with children must undergo a criminal background check prior to employment and before having contact with students. The background check includes submitting fingerprints to the Missouri Highway Patrol (MHP) and the Federal Bureau of Investigation (FBI). DESE manages the background check process for school districts. The fee for background check is to be paid by the applicant/employee.

Section C: ASSIGNMENT

1. The School Board has adopted a position classification system for all support staff personnel. The employee will be placed on the salary schedule based on training, experience, responsibility, supervisory, and organization level required by the position.
2. Former employees who are re-employed within (2) years from the date of leaving the District may be assigned the placement on the salary schedule held at the time of leaving, if employed in a position having the same classification. Employees shall not retain seniority, sick-leave, or any other benefits accrued before their separation of employment.
3. Salary increases are normally granted only at the beginning of each fiscal year, contingent upon the approval of the Board of Education.

Section D: SEPARATION OF EMPLOYMENT

1. Any employee may be dismissed at any time, subject to the provision of the law.
2. If an employee is terminated, the employee must report immediately to the Central Office to make arrangements for final compensation. This check will not be issued until all District property issued to the employee has been returned or accounted for by the District.
3. Any employee wishing to resign shall submit a dated letter of resignation to the Superintendent.

ARTICLE II – JOB RULES AND REGULATIONS

Section A: PAYMENT POLICIES

1. **Payment Dates.** Employees will be paid on the 25th of every month unless this day falls on a Saturday. In this case, payday will be on Friday. All support staff will be required to use timesheets to accurately maintain their time and attendance. Employees are responsible for their time sheets being accurate and complete by the end of each pay period, which is the **first Friday of each month**. Timesheets are to be approved and turned in to the Central Office no later than noon on Tuesday after the pay period ends. Incomplete time sheets may not be processed, resulting in delay in pay.
2. Arrangements for final salary payments for personnel who have resigned, or who have been suspended or terminated, may be made through the Central Office.

Section B: WORK SCHEDULE

1. **Regular Hours.** Please refer to your supervisor for your scheduled hours per day. Any variance from your assigned schedule must be approved by your supervisor. Failure to do so may result in disciplinary action.
2. **Lunch Break.** Any employee working at least six (6) hours or more per day, must take at a least thirty (30) minute unpaid lunch break.
3. **Overtime hours.** In accordance with the Fair Labor Standards Act, the District has a policy of granting non-exempt employees compensatory time off in lieu of compensation for hours worked in excess of forty (40) hours per week. Time will be accrued at one and one-half (1½) times for all time over forty (40) hours of actual work per week. Hours paid for sick-leave, vacation, and holidays do not count toward the regular forty (40) hour work week. Overtime pay in lieu of compensatory time off must be approved through the District supervisor.
4. Any extra-curricular work assignment shall be compensated at the regular rate until forty (40) hours work per week is exceeded.

Section C: SUPERVISION

All support staff are under the direction of the building principal or supervisor and the Superintendent.

Section D: PROMOTION AND TRANSFER

The Superintendent shall post notices on the District's website and via email when an opening occurs within the District. Those employees desiring to be considered for the position listed shall request a transfer with their immediate supervisor. Employees of the District shall be given first consideration for reassignment to another position if their ability, training, and experience are equal to that of new applicants. It is acknowledged that frequently the desired qualities for certain positions do not exist in the present personnel. Hence, it is sometimes advisable to seek qualified personnel outside the district staff.

Probationary employees are not eligible to transfer into a new position until the successful completion of a thirty (30) day probationary period.

Section E: EMPLOYEE EVALUATION

The principal of each school is charged with the evaluation of all non-certificated personnel working within his/her school. This responsibility may be delegated to a director or supervisor; however, the principal will review all evaluations.

Section F: STAFF CONFLICT OF INTEREST

Employees of the Board will not engage in, or have direct financial interest in, any activity that raises a reasonable question of conflict of interest with their duties and responsibilities as members of the Steelville Public Schools staff by adhering to Board Policy [GBCA](#).

ARTICLE III – EMPLOYEE BENEFITS

Section A: REQUEST FOR TIME OFF

All advance notice requests for time off should be submitted through the use of a Staff Absence Report. This report should be sent to your building principal or supervisor for approval. Upon approval, a copy of the leave request will be sent to the Central Office where employee balances will be kept up-to date in SISfin and reflect on your check stub.

Section B: HOLIDAYS

As stated in your letter of intent, full-time employees will receive the following paid holidays if they fall within the employee's work schedule for that fiscal year:

- July 4th
- Labor Day
- Thanksgiving Day
- Friday after Thanksgiving
- Christmas Eve
- Christmas Day
- New Year's Day
- Memorial Day

These holidays are not applicable during a leave of absence or after a separation of employment, in which accumulated vacation would span over a holiday.

Section C: VACATIONS

1. All twelve (12) month employees shall be granted five (5) days paid vacation each year for the first two (2) years of employment. Employees beginning their third (3) year shall receive ten (10) days per year. Employees beginning their sixteenth (16) year of employment shall receive fifteen (15) days per year.
2. All vacations shall be arranged with the immediate supervisor's approval in the best interest of the school system.
3. Annual vacation for twelve (12) month employees is based upon the fiscal year beginning July 1.
4. Vacation time earned during any one fiscal year must be used during that fiscal year.
5. The annual vacation is based upon the fiscal year beginning July 1. Those employed less than one year shall accumulate no more than one day's vacation per month until the maximum has been reached.
6. A district employee may not use vacation days during the period the employee receives Workers' Compensation for time lost to work-related incidents.

Section D: LEAVE

1. **Notification.** It is the responsibility of the employee, when absent, to notify his or her immediate supervisor as soon as possible. The supervisor reserves the right to require a return to duty work release statement from your physician.
2. **Sick-leave.** All personnel are granted seven (7) days at the beginning of each fiscal year. Sick-leave may accumulate if not used. All sick-leave must be exhausted before an employee can go on unpaid leave. If an employee is out five (5) or more days, the

District will require a “Physician’s Certification of Medical Necessity for Extended Absence” form to be completed by the employee’s physician. The physician should supply the employee with a “Return to Duty Certification” when the employee is able to return to full duty. Three (3) days of sick-leave may be used by an employee for the birth or adoption of a grandchild. If an employee has available any personal leave and/or vacation leave, it may be used at this time. Any staff member who resigns or retires with ten (10) or more years of service with the Steelville School District shall be reimbursed for all of their unused sick-leave. See policy [GBBE](#) in the Steelville School District Board Policy Manual.

3. **Personal Leave.** All personnel are granted four (4) days of personal leave at the beginning of each fiscal year. Unused personal leave is absorbed into sick-leave if not used by the end of the fiscal year. Whenever possible, it is expected that a request for leave will be made, in writing, to the designated supervisor at least 48 hours in advance of time the leave is requested. The supervisor will deny requests for personal leave that would extend a scheduled school vacation unless specific written reasons warrant special consideration.
4. **Bereavement Leave** may be used for death in the immediate family. The staff member may use three (3) consecutive days for bereavement leave for a death in the immediate family without a deduction from sick-leave or salary. Any days missed in excess of three (3) will deducted from sick-leave. Bereavement leave is not cumulative.
5. **Inclement weather.** No leave will be approved for inclement weather unless that day is so designated by the Superintendent and that designation will be made only after school is resumed following days missed. However, most employees have vacation and/or personal days that can be used for this purpose. The employee can make their decision based on the severity of the weather, knowing it may cost a vacation or personal day.
6. **Military Leave.** The Board shall grant military leave as required by law.
7. **Jury Duty Leave.** Employees who miss school as jurors will not have their salary deducted for days missed.
8. **All absences not approved** according to the stipulations shall have one (1) day’s pay deducted for each day’s absence.
9. **The Central Office will maintain records** of sick-leave and vacation leave.

Section E: MEDICAL LEAVE (FMLA)

The District recognizes that a leave of absence from active employment may be necessary for family or medical reasons. The Family and Medical Leave Act of 1993 (FMLA) entitles eligible employees to take up to twelve (12) work weeks unpaid leave for family and medical reasons. See policy [GBBDA](#) in the Steelville School District Board Policy Manual.

Section F: RETIREMENT AND RETIREMENT BENEFITS

All employees of the School District who work twenty (20) hours or more per week become members of the Public Education Employee Retirement System (PEERS), which is an automatic tax deferred deduction of 6.86% of gross wages. As part of the annual mandatory requirements (see Section B below), your electronic receipt of this handbook is included as part of these requirements. By acknowledging receipt of this handbook online (or in some instances, by signature), you agree to all procedures, policies and regulations in place.

Section A: POLICIES

- 1. DRUG-FREE WORKPLACE.** Staff members are expected and required to report to work on time and in appropriate mental and physical condition for work. It is the District's intent and obligation to provide a drug-free environment. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance on District premises is absolutely prohibited. Violations of this policy will result in disciplinary action, up to and including termination, and may have legal consequences. The District recognizes drug dependency as an illness and a major health, safety, and security problem. Employees needing help in dealing with such problems are encouraged to use our health insurance plan, as appropriate. Conscientious efforts to seek such help will not jeopardize any employee's job, and will not be noted in any personnel record. Employees must, as a condition of employment, abide by the terms of this policy and report any conviction under a criminal drug statute for violations occurring on or off District premises while conducting District business. A report of conviction must be made within five (5) days after the conviction. This requirement is mandated by the Drug-Free Workplace Act of 1988.

DRUG-FREE WORKPLACE (GBEBA CRITICAL):

Student and employee safety is of paramount concern to the Board of Education. In recognition of the threat to safety posed by employee use or possession drugs or alcohol, the Board of Education commits itself to a continuing good-faith effort to maintain a drug-free workplace. The Board of Education shall not tolerate the manufacture, use, possession, sale, distribution, or being under the influence of controlled substances, alcoholic beverages or unauthorized prescription medications by district employees on any district property; on any district-approved vehicle used to transport students to and from school or district activities; off district property at any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district; or during any period of time such employee is supervising students on behalf of the school district or in otherwise engaged in school district business.

When it is evident that an employee has consumed alcoholic beverages or controlled substances off school property before or during a district activity, the staff member will not be allowed on school property or to participate in the activity and will be subject to the same disciplinary measures as for possession or consumption on district property.

Staff members will be tested for alcohol and controlled substances if the district has reasonable suspicion that the staff member has violated this policy. In addition, staff members who operate district transportation must submit to alcohol and drug testing as otherwise required by law. All testing will be conducted in accordance with Board policy, administrative procedures and law. Any employee who violates this policy will be subject to disciplinary action, which may include suspension, termination and referral for prosecution. Employees may be required to satisfactorily participate in rehabilitation programs.

Each employee of this school district is hereby notified that, as a condition of employment, the employee must abide by the terms of this policy and notify the superintendent or designee of any criminal drug statute conviction for a violation occurring in or on the premises of this school district, or while engaged in regular employment. Such notification must be made by the employee to the superintendent or designee in writing no later than five (5) calendar days after conviction. The superintendent or designee will provide notice in writing of such violation to the United States Department of Education or other appropriate federal agency within ten (10) calendar days after the superintendent or designee receives such notification if the district receives any federal grants directly from such agency, as opposed to federal grants received through the Department of Elementary and Secondary Education (DESE). The District will take appropriate disciplinary action within 30 days.

The District will institute a drug-free awareness program to inform employees of the dangerous and harmful nature of drug and alcohol abuse in the workplace, of this policy of maintaining a drug-free workplace, of available counseling and rehabilitation, and of the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace. The Board of Education recognizes that employees who have a drug abuse problem should be encouraged to seek professional assistance. Although the District will not assume financial responsibility, an employee who requests assistance shall be referred to a treatment facility or agency in the community if such facility or agency is available.

*Upon the request of DESE or any agency of the United States, the district shall certify that it has adopted and implemented the drug prevention program described in this policy. The district shall conduct a biennial review of this policy to determine its effectiveness, implement necessary changes and ensure that the disciplinary sanctions are consistently enforced. This policy shall be communicated in writing to all present and future employees. Compliance with this policy is mandatory.
Adopted: 12/17/1997; Revised: 10/25/2005*

- 2. DISCRIMINATION, HARASSMENT AND RETALIATION.** The School District is committed to providing an environment free from intimidating, hostile or offensive behavior; unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Sexual harassment by an employee, student or other person in the district against any person is prohibited. Allegation of sexual harassment shall be investigated and, if substantiated, corrective or disciplinary action taken, up to and including suspension and/or expulsion of the student or suspension and/or termination of the employee.

If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

Additional Prohibited Behavior

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

Boy Scouts of America Equal Access Act

As required by law, the District will provide equal access to District facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

Interim Measures

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the District may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The District will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees, and others, that are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.

Consequences and Remedies

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from school grounds or otherwise restricted while on school grounds. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when action may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported to the Children's Division (CD) of the Department of Social Services. Remedies provided by the District will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the Steelville R-III School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

Unless a concern is otherwise voluntarily resolved, all persons must report incidents that might constitute discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to make a grievance to communicate directly with the compliance officer. Even if the potential victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information regarding actions prohibited by this policy. If a verbal grievance is made, the person will be asked to submit a written complaint to the compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint

in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. The administrator will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

- 1. If a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.*
- 2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.*
- 3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.*
- 4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.*

5. *The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.*
6. *Upon receiving a grievance, district administrators or supervisors, after consulting with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.*

Grievance Process Overview

Level I: *A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.*

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitutes a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

Level II: *Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.*

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and the decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

Level III: *Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged*

perpetrator may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The decision of the Board is final.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with Missouri Secretary of State's manuals and as advised by the district's attorney.

Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies of the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.
